

Dear Guardians and Students,

Registration season is upon us. Don't let registration cause undue stress. Ask questions and start researching your options now! Counselors are advising students during first period for rising 11th and 12th graders to answer questions and help students select the correct courses in Power School. For current freshmen, we will be meeting with them twice in their math class. In addition, we are offering more advisement sessions through counseling this year to meet with more students and families.

When you go to the counseling website, <http://tcrobersoncounseling.weebly.com/>, you will see the information to sign up for an advisement session. Advisement sessions with the counselors are available on March 5-7. Each counselor is available for 20 minute advisement sessions both in the counseling offices or by phone from 10am to 3:30pm each day with a few late sessions on Tuesday, March 6 from 4:30 to 6:30. Please select a date and time that works for you, and complete the required information. If you would prefer that the counselor call you for a phone conference, after signing up for a time, click on the advisement session and add a comment to let the counselor know to call you at that time.

The counselors see students in 10th – 12th grade based on their last name. Ms. Anderson works with freshmen. Please choose the link below to make an appointment with the correct counselor. You may also find the information below on the counseling website:
